

Posting Scores in GHIN

Players are responsible for posting their casual rounds of golf and away tournament rounds in the GHIN handicap computer or online at www.ghin.com.

Please adjust with ESC and post your score in the GHIN handicap computer or online at www.ghin.com. A player will have 24 hours to post a score if it is a home score. A player must post any away scores before the next handicap revision date. The handicaps revise on the 1st and 15th of every month. If your score is not posted in that amount of time a penalty score will be posted in addition to the missing score.
